Thank you for your support and being part of SD 61 string programs. If you are a parent with a student in elementary strings, please note that all the middle schools in the District have string programs for students to continue in orchestra. Middle school string players can continue in orchestra in high school. After high school, join a community orchestra.

Note: This event is called *Orchestra Finale*; this is not the finale for classes. Regular string classes continue in to June. Students may have another performance opportunity with their school. Contact your child’s music teacher if you need more information.
