Student Led Conferences

To adhere to COVID regulations we modified our Student Led Conference providing a safe opportunity for you to connect with your child on their school progress. We made a few improvements and here is our Plan 2.0.

You will receive some information and an activity package from your teacher before February 10th. All students will be dismissed early (12noon for both days) on Wednesday, Feb. 10th and Thursday, Feb. 11th and you can use this time to have your child lead you through their class activities and/or some work examples. Your child's teacher is also available at this time if you would like to setup an interview through Zoom.

Although we are having to do things differently this year, we are continuing to honour the purpose and spirit of student-led conferences. These at-home conferences will allow you to experience and celebrate your child's learning and for you and your child to reflect on their learning together. While each class will have different home activities, the common element is that the tasks provide an opportunity for your child to share their work and learning with you. Look for more information from your teacher and if you have any questions, please contact your teacher or call the school office and we would be happy to help.

Student Transfer Week February 8th to 11th

Student Transfer Week is fast approaching. If you are a GR 5 parent/guardian you should have received a letter in the mail this week advising where your student will be pre-transitioned to based on the address we have on file. Should you want your student to attend a **different middle school**, it is **imperative** that you come in the week of **Feb 8th -11th** to apply for a transfer.
