## Important Messages

### School Focus: Teachings of the Salmon

As you may know, we are learning a lot about the 'Salmon' this month and what it teaches us about grit, and determination.

At our monthly assembly, we will be recognizing some students in each class who have demonstrated how they are using what they have learned from the salmon to push through a challenge. These students will receive a certificate at the assembly and their photo will be taken and posted in our display case.

Students have or will be participating in a School Wide Write about an occasion where they have used the teachings of the salmon to persevere through a challenging task.

We have also attached an info-graphic that we use at school so you can be using the same language at home.

## UPCOMING DATES

- Monday Oct. 23<sup>rd</sup>:  
8:10 Cross Country Meet
- Tuesday October 24<sup>th</sup>:  
8:00 Strings
